IRONHORSE / RAILROAD CONTRACTORS

Equipment hire bid checklist

Give the team enough detail to confirm the machine, dates, transport, and support.

The task

- ☐ Equipment type and the work it needs to perform
- ☐ Material, quantities, reach, lifting, or production requirements
- ☐ Track gauge, clearances, ground conditions, and site restrictions

The rental

- ☐ Requested start and end dates, shifts, and expected hours
- ☐ Operator supplied by you or requested from Ironhorse
- ☐ Attachments, training, and familiarization to discuss

Mobilization

- ☐ Delivery and collection addresses with a site contact
- ☐ Loading, unloading, road-to-rail access, and staging arrangements
- ☐ Fuel, servicing, protection, and transport responsibilities to agree

Planning aid only. Confirm the scope, applicable owner requirements, and responsibilities with the project team.
